2021

From the very first glance, each couple is destined to face the same obstacles. We go through the honeymoon, the struggle for power, the disillusionment. We reach the stage of true love and, finally, the break-up. Through the story of a different couple in each episode, by proxy and in parallel to each other, the series *Intertwined* summarizes the love relationship of Michel and Marie. Because we are all a little Michel or a little Marie.
